

VEHICLE SERVICES GARAGE CONCRETE FLOOR SLAB REPAIR / REPLACEMENT
PLATT REGIONAL VOCATIONAL TECHNICAL SCHOOL
MILFORD, CONNECTICUT
PROJECT: BI-RT-854

BID OPENING	1:00 P.M.	AUGUST 10, 2010
ADDENDUM NUMBER 1	DATE OF ADDENDUM	JULY 15, 2010

The following clarifications are applicable to drawings and specifications for the project referenced above.

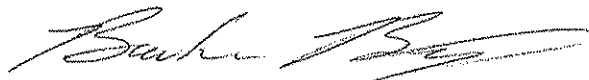

Item 1

In Section 01 52 13, Paragraph D of the Project Manual, add the following:

4. The General Contractor shall supply three (3) weatherproof "connex" type metal storage containers approximately 40' long x 8' wide x 9' high, for use by Platt High School for storing items & equipment presently being stored in the Vehicle Services Garage basement & 1st floor, for the duration of the construction to prevent vandalism & theft as well as weather damage. The containers are to be located on school grounds at the discretion of Platt High School; The containers shall be installed level as possible, be water tight, clean, free of mold and mildew, fully lockable, and subject to the engineer's approval.. The containers shall be broom clean before returned. Costs to the contractor shall include monthly rental, insurance, delivery, & pick-up of the containers

All questions must be in writing (not phone or e-mail) and must be forwarded to the consulting Engineer (Gary Colbeth, Macchi Engineers, LLC – FAX No (860) 524-5088) with copies sent to the DPW Assistant Project Manager (Steven Longo – Fax No. (860) 713-7261)

End of Addendum Number One
